Your Opinion is Important to Us

Once you have arrived home, you may receive a patient satisfaction survey through the mail or by email. If you have provided us with your email address.

Your input regarding the care you received and the support your family was given is important to everyone here at Kent Hospital. We can only improve our care if our patients tell us about their stay.

So please, should you receive our survey, take the time to let us know how did. Thank you.
Our Mission and Vision
To be your partner in health.
To create a community of healthier people.

Just Ask!
IF YOU'RE THINKING IT... ASK IT!

For example:
• May I request a different meal selection?
• Can my vital signs and blood work be drawn at a more convenient time for me?
• What medications are you giving me and what are they for?

Please ask, so that we can better meet your needs and make your stay more comfortable.

Our Nursing Philosophy
We believe nursing is compassionate caring in both activity and attitude. Nurses listen, minister, heal and teach while serving as patient advocates responsible for coordinating, implementing and adjusting the patient centered plan of care. We recognize and value each individual and respect the patient’s privacy and dignity. We work in a multidisciplinary, collaborative partnership in caring and value the contribution of all members of the health care team. Our nursing practice is based on the best available evidence. We are committed to lifelong learning and are accountable for our individual practice and professional growth.
